COOKIE POLICY

Last revised: 16 September 2020

This Cookie Policy explains how cookies and similar technologies (collectively, "Cookie(s)") are used when you visit my websites (www.stuartsdance.com), open my emails or access other applications owned and operated by STU Art (the "Company") as well as any other services that display this Cookie Policy (each, a "Site"). This policy explains what these technologies are and why they are used, as well as your right to control their use.

We may change this Cookie Policy at any time. Please take a look at the "LAST REVISED" date at the top of this page to see when this Cookie Policy was last revised. Any change in this Cookie Policy will become effective when we make the revised Cookie Policy available on or through the Site.

If you have any question, please contact us by email at contact@stuartsdance.com, or write to us at the following address: STU Arts, Avenue de la Chasse 6, 1040 Bruxelles Belgium, attn.: Privacy Counsel.

1. What Is A Cookie?

A cookie is a small text file (often including a unique identifier), that is sent to a user's browser from a website's computers and stored on a user's computer's hard drive or on a tablet or mobile device (collectively, "Computer"). A Cookie stores a small amount of data on your Computer about your visit to the Site.

We may also use "web beacons" (also known as "clear GIFs" or "pixel tags") or similar technologies on our Site to enable us to know whether you have visited a web page or received a message. A web beacon is typically a one-pixel, transparent image (although it can be a visible image as well), located on a web page or in an email or other type of message, which is retrieved from a remote website on the internet enabling the verification of an individual's viewing or receipt of a web page or message. A web beacon helps us to understand whether you came to our website from an online advertisement displayed on a third-party website, measure successes of email marketing campaigns and improve our website performance. They may also enable us to relate your viewing or receipt of a web page or message to other information about you, including your personal information. In many instances, web beacons rely on cookies to function properly, and so declining cookies will impair their functioning.

We place and access Cookies on your Computer; these Cookies are known as "first-party Cookies." Cookies may also be placed and accessed by some of our third-party vendors, which are known as "third-party Cookies" and are described below. Some Cookies are "session Cookies," which means that they are temporary Cookies that are only stored on your device while you are visiting our Site. Other Cookies are "persistent Cookies," which means that they are stored on your device for a period of time after you leave our Site.

You can choose whether to accept Cookies by changing the settings on your browser. However, if you disable this function (or keep this function disabled, as set by default by certain browsers), your experience on the Site may be diminished and some features may not work as intended.

2. What Cookies Do We Use?

Below we list the different types of Cookies that are used on the Site that you are visiting.

To the extent any personal information is collected through first-party Cookies, our Privacy Policy applies and complements this Cookie Policy. Personal information collected through a third-party Cookie is subject to the privacy policy of that third party, and not our Privacy Policy.

Wix Cookies

Wix uses cookies, or tiny pieces of information stored on your computer, to verify who you are. There are cookies for logged in users and for commenters. This page is a partial work in progress.

Commenters

When you comment on my blog, you get cookies stored on your computer. This is purely a convenience, so that the you won't need to re-type all their information again when you want to leave another comment. Three cookies are set for commenters: author, author email and author url. The commenter cookies are set to expire a little under one year from the time they're set.

Users

Users are those people who have registered an account with my Wix blog.

Third Party Cookies

Social media Cookies are used to enable you to share pages and content you find interesting on my Site through third-party social networking and other websites. These Cookies may also be used for advertising purposes. They include but are not limited to the following.

Coo kie	Description	Duration	1st/3rd party	Privacy policy
~~	Namecheap is a domain name registrar and web hosting company.	session and permission	1st	Namecheap privacy policy

Cookie	Description	Duration	1st/3rd party	Privacy policy
lidc	LinkedIn is a professional social networking application.	1 day	3rd	LinkedIn Corporation privacy policy
PYPF	PayPal is an online payment service.	session and permission	3rd	PayPal privacy policy

Analytics Cookies

Analytics Cookies collect information about your use of the Site, and enable us to improve the way it works. For example, Analytics Cookies show us which are the most frequently visited pages on the Site, help us record any difficulties you have with the Site, and show us whether our advertising is effective or not. Analytics Cookies allow us to see the overall patterns of usage on the Site, rather than the usage of a single person. We use information from Analytics Cookies to analyze the Site traffic, but we do not examine this information for individually identifying information.

Cookie	Description	Duration	1st/3rd party	Privacy policy
__utma	Google Analytics	1 year, 6 months	1st	go to site
__utmc	Google Analytics	1 year, 6 months	1st	go to site

_ga	Google Analytics	1 year, 10 months	1st	go to site

Advertising Cookies

We don't currently have any advertising on my site, therefore there are no advertising cookies.

3. How Do We Manage Cookies?

You can change your Cookie settings above by opting out of certain or all Cookies.

You may refuse or accept Cookies from the Site or any other website at any time by activating settings on your browser. Most browsers automatically accept Cookies, but you can usually modify your browser setting to decline Cookies if you prefer. If you choose to decline Cookies, you may not be able to sign in or use other interactive features of our Site that depend on Cookies. Information about the procedure to follow in order to enable or disable Cookies can be found at:

Chrome

Safari

Safari Mobile (iPhone and iPads)

Firefox

Microsoft Edge

For more information about other commonly used browsers, please refer to
http://www.allaboutcookies.org/manage-cookies/.

Please be aware that if Cookies are disabled, not all features of the Site may operate as
intended.
